Car Wiperblades | Car Accessories

## OUR STORY

Our story began in 2009 with the launch of our first line of VISEE branded windshield wipers. Since then, we have been constantly expanding, what has made us experts in the industry. Following the needs of our customers, we started producing VOGO branded car mats and accessories, that are available in our offer since 2020.

OF ACCESSORIES

## EXPERIENCED SUPPLIER

We are an established manufacturer and supplier of innovative automotive accessories to global markets in the elastomer and plastics processing industry. Our development department is based on qualified and experienced engineers in the fields of design and material processing. Using the latest, highly advanced technologies, the development research on our products are being conducted continuously.

## INNOVATIVE CREATOR

We have the most advanced machinery park available on the market, that is constantly being developed. Our products remain complaint with international quality standards and are appreciated by customers in many global markets.

## CONSCIOUS PRODUCER

As a conscious manufacturer of rubber and plastic products, we highly care about the environment. We use renewable energy sources such as photovoltaic panels in our manufacturing processes. We use eco-friendly materials or materials having the least possible impact on the environment. We use hybrid cars for distribution.
